

A BENCHMARK IN PORTABLE BAG CLOSERS

DA-R

SINGLE NEEDLE, PORTABLE BAG CLOSER SEWING MACHINES

Revo® introduces the new DA-R Series high-performance handheld sewing machines, packed with advanced features to stitch bags with ease even under the most adverse operating conditions in an agricultural or industrial environment.

ADVANCED FEATURES

- Higher presser foot clearance - sews 8mm material thickness with ease
- Improved lubrication system - offers longer life to all the moving parts
- Reinforced feed mechanism for more positive feed
- Scissor-type durable thread cutter
- Enhanced needle lever assembly
- Extended wear bushings
- Longer life cam

These features combined with power to close bags at 1800 stitches per minute make sure the DA-R Series handles toughest bag closing jobs quickly and safely with dependable performance.

ADDITIONAL FEATURES

- Streamlined design from its predecessor
- Ideal for production line or in the field
- Durable non-corrosive epoxy finish
- CAD designed mechanism ensures smooth running of components

The DA-R Series machine requires fewer adjustments and minimum maintenance, reducing downtime and costs. It is rugged, fast and packed with power to withstand heaviest of workloads.
