

A BENCHMARK IN PORTABLE BAG CLOSERS

DAD-R

TWIN NEEDLE, PORTABLE BAG CLOSER SEWING MACHINES

Reva® introduces the new DAD-R Series high-performance handheld sewing machines, packed with advanced features to stitch bags with ease even under the most adverse operating conditions in an agricultural or industrial environment.

ADVANCED FEATURES

- Higher presser foot clearance - sews up to 10mm material thickness
- Improved lubrication system - offers longer life to all the moving parts
- Reinforced feed mechanism for more positive feed
- Scissor-type durable thread cutter
- Enhanced needle lever assembly
- Extended wear bushings
- Longer life cam

ADDITIONAL FEATURES

- Streamlined design from its predecessor
- Ideal for production line or in the field
- Durable non-corrosive epoxy finish
- CAD designed mechanism ensures smooth running of components

These features combined with power to close bags at 1800 stitches per minute ensure DAD-R machines handle toughest of bag closing jobs quickly and safely with dependable performance.

DAD-R Series machines require fewer adjustments and demand minimum maintenance, reducing downtime and costs.

It is rugged, fast and packed with power to withstand heaviest of workloads.
